Schramm Visits the White House

From Left to Right: Jeff Roten, Senior Service Technician and Ed Breiner, CEO shake the hand of President Obama

West Chester, PA, October 28, 2010 - Ed Breiner, CEO of Schramm and Senior Service Technician Jeff Roten enjoyed a once in a lifetime opportunity to meet President Barack Obama at the White House on October 28, 2010. Breiner and Roten were greeted by President Obama with a handshake and smile upon entering the Oval Office.

President Obama invited Schramm's Chief Executive and Tech Specialist, who oversaw operations of the company's mobile drilling rigs at the San Jose Mine, to the White House to express the Country's appreciation for the successful rescue of the 33 miners. Breiner and Roten were congratulated personally by The President for their efforts.

About Schramm, Inc.

Schramm, Inc. is the leading manufacturer and global supplier of land based, mobile hydraulic drills. For over a century, the company has specialized in providing the highest quality mobile, top-head hydraulic rotary drilling rigs to companies in the mining, energy, geothermal and water sectors worldwide. International in scope, more than 70 percent of company revenues come from export sales to major market in China, Chile, Brazil, Australia, Russia and South Africa.
