

For Immediate Release:

SCHRAMM INC. ANNOUNCES NEW DIRECTOR OF SALES FOR MINING AND WATER

WEST CHESTER, PA, April 25, 2016 – Schramm Inc., a world-class manufacturer of land-based hydraulic drilling rigs, today announced the formal introduction of Craig Mayman as Director, Sales Mining and Water effective April 22, 2016. Craig will be based in Utah and replace John Little who will retire from Schramm in September after 40 years of service.

Sean Roach, Vice President of Drilling Systems and Services, said, “Craig comes to Schramm with a progressive and diversified background in the Mining and Water industries. His experience includes 6 years at Boart-Longyear in Engineering, Product Management, and Global Key Account Sales roles as well most recently serving on the executive leadership team of REI drilling. Craig holds a Bachelor of Science in Mechanical Engineering from University of South Australia and a Master of Business Administration from the University of Utah. Craig will make an immediate impact starting with the EXPOMIN trade show in Santiago, Chile during the week of April 24th.”

About Schramm, Inc.

Privately-held Schramm was founded in 1900 and is a world-class API-Q1, ISO-9001 certified manufacturer based in West Chester, PA USA. Schramm uses a consultative approach to design and build fit for purpose drilling systems. The solutions include a number of trailer, track, and truck mounted drilling rigs built for high mobility, power density, and reliability. With over 2000 rigs in service, Schramm continues to deliver safety and value for customers working in Energy, Mining, and Water Development.
